

Prime Filter Powder: Frying Oil Life Extender

HENNY PENNY
primefilter

DIRECTIONS FOR USE:

- 1 Add Henny Penny Prime Filter Powder to the hot frying oil while in the frying vat (per the usage chart below)
- 2 Drain the frying oil into the filtration system
- 3 Recirculate the frying oil through the filter for 5 minutes to remove dissolved impurities
- 4 Pump the clean frying oil back into the frying vat

DO NOT add Henny Penny Prime Filter Powder to food or frying oil while cooking!

HELPFUL HINTS:

- ✓ Use Henny Penny Prime Filter Powder 1 time per day
- ✓ Use Henny Penny Prime Filter Powder during the entire life of the frying oil. Do not wait until your frying oil is already spent.
- ✓ Always filter cleanest oil first in a multi-vat fryer
- ✓ Remove accumulated solids and/or change filter media as needed
